2. The following is an examiner's statement of reasons for allowance: The prior art neither teaches nor makes obvious the method wherein semantic and structural saliency features are entered into a probabilistic reasoning engine in order to determine a belief that a region is the main subject and further using those beliefs in the compression of the image.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
